Join Our Team: Pediatric Occupational Therapist at Developmental FX (DFX)

Who We Are

Developmental FX (DFX) is a nonprofit organization dedicated to transforming the lives of children with neurodevelopmental differences and mental health challenges, empowering them and their families to thrive. Our multidisciplinary team of occupational therapists, speech-language pathologists, and mental health providers delivers exceptional care in our state-of-the-art clinic in northeast Denver.

At DFX, we specialize in working with children, adolescents, and adults with neurodivergence, including sensory integration differences. Our innovative *Therapy that Fits®* model tailors interventions to meet each child's unique strengths and challenges, fostering growth through relationship-based, neurodevelopmentally informed care. We also have a high degree of specialization in supporting children with genetic and rare conditions.

We are currently seeking a **full-time pediatric occupational therapist** to join our team and make a lasting impact on children and families. If you're passionate about supporting sensory, affective, and motor development in a collaborative and cutting-edge environment, we'd love to hear from you.

About the Role

As a **Pediatric Occupational Therapist at DFX**, you'll play a key role in helping children develop the skills they need to participate in daily life. Through both individual and group therapy, you will support sensory processing, motor coordination, emotional regulation, and executive function development using evidence-based and relationship-focused approaches.

You'll have the opportunity to:

- Provide **individual and group therapy** using our *Therapy that Fits®* approach.
- Maintain a **caseload of 25 clinical hours per week**, serving clients in our clinic and community-based programs.
- Utilize **evidence-based strategies** to improve sensory, affective, and motor skills to enhance daily function.
- Conduct comprehensive **evaluations** using both standardized and informal assessments to guide treatment planning.
- **Collaborate** with speech-language pathologists, mental health providers, educators, and medical professionals to provide integrated, whole-child care.

DEVELOPMENTAL FX

a not-for-profit corporation | www.developmentalfx.org

- Support **family engagement**, offering guidance and training to caregivers on practical strategies for home and school environments.
- Participate in program development, **mentorship opportunities**, and ongoing professional learning.

We seek clinicians who are eager to grow, love to learn, and want to be at the forefront of sensory integration research and practice. Extensive **mentorship and supervision** are provided.

What We're Looking For

- Bachelor's, Master's, or Doctorate in Occupational Therapy from an accredited institution
- Current **Colorado OT license (DORA) and NBCOT credentials for OTR**
- Experience or specialization in **pediatric occupational therapy**, including sensory integration and relationship-based treatment approaches
- A collaborative mindset, strong interpersonal skills, and a passion for family-centered care
- Bilingual **English/Spanish candidates** strongly encouraged to apply
- Availability to work **Monday through Friday, including some after-school hours**

Why Join DFX?

Working at DFX is more than a job — it's an opportunity to be part of a **mission-driven, neurodiversity-affirming** team that values innovation, collaboration, and continuous learning. We believe in fostering engaged belonging for both our clients and our staff.

We offer:

- **Compensation:** \$48.00 - \$55.00 per hour, based on experience
- **Monthly Health Stipend** to support your well-being
- **Flexible Schedule:** Monday through Friday
- **Paid Time Off and Holidays**
- **Extensive Mentorship and Professional Development**
- **Continuing Education Support** to advance your expertise
