## Join Our Team: Pediatric Speech-Language Pathologist at Developmental FX (DFX)

### Who We Are:

Developmental FX (DFX) is a nonprofit organization dedicated to transforming the lives of children with neurodevelopmental differences and mental health challenges — empowering them and their families to thrive. Our multidisciplinary team of occupational therapists, speech-language pathologists, and mental health providers delivers exceptional care in our state-of-the-art clinic in northeast Denver.

What makes DFX truly special is our innovative *Therapy that Fits* model, designed to meet each child's unique profile through relationship-based, developmentally grounded interventions informed by cutting-edge neuroscience. We go beyond addressing challenges — we help children discover their strengths, build meaningful connections, and engage fully in the world around them.

We are currently seeking a **full-time pediatric speech-language pathologist** to join our team and make a transformative impact in the lives of children and families. If you are passionate about helping kids communicate, connect, and thrive, we'd love to hear from you.

### About the Role:

As a **Speech-Language Pathologist at DFX**, you'll work closely with children, families, and a multidisciplinary team to provide therapy that promotes communication, social engagement, and connection. Your work will take place both in our clinic and, when needed, in community settings such as schools or homes to ensure comprehensive care.

You'll have the opportunity to:

- Provide individual and group therapy to children with a range of communication needs, including speech production, language comprehension and expression, social communication, and AAC use.
- Collaborate regularly with occupational therapists, mental health providers, and other professionals to deliver integrated, coordinated care.
- Empower families by providing education, updates, and practical strategies to support their child's communication development.
- Contribute to team meetings, learning opportunities, and program development to continue evolving DFX's innovative, neurodiversity-affirming care model.

Our approach is deeply collaborative — therapists at DFX are valued for their expertise and creativity, and are supported to do their best work through extensive mentorship, continuing education, and professional development.

### What We're Looking For:

- Master's degree in Speech-Language Pathology from an accredited institution
- Colorado state licensure and ASHA certification (CCC-SLP)
- Experience or a strong passion for working with children with neurodevelopmental differences
- A collaborative spirit, excellent communication skills, and a commitment to family-centered care
- Willingness to engage in ongoing learning and contribute to DFX's culture of innovation and excellence

### Why Join DFX?

Working at DFX is more than just a job — it's an opportunity to be part of something deeply meaningful. You'll join a team that believes in celebrating each child's individuality, strengthening family relationships, and helping children grow and thrive in their own unique way.

We also offer:

- **Compensation:** \$48.00 - \$55.00 per hour, based on experience
- **Monthly Health Stipend** to support your health and well-being
- **Flexible Schedule:** Monday through Friday, including some after-school hours
- **Paid Time Off and Holidays**
- **Extensive Mentorship and Professional Development Support**
- **Opportunities for Continuing Education** to advance your knowledge and skills

### How to Apply:

To apply, please send both your **resume** and **cover letter** to [info@developmentalFx.org](mailto:info@developmentalFx.org).

We look forward to learning more about you and how you can contribute to our mission of helping children and families thrive.

**Developmental FX is an Equal Opportunity Employer.**
